# Naval Officer Made Announcement; Armistice Terms Handed To Delegates

## ADMIRAL WILSON SAYS HE GAVE STATEMENT TO UNITED PRESS

Commander of American Naval Forces in French Waters Declares Signing of Armistice Was Announced on What Appeared to be Official and Authoritative Information. German Delegates Have 72 Hours to Reply if They Decide Terms Should be Referred to Berlin.

### MEET WITH GEN. FOCH THIS MORNING

(By United Press)

New York, Nov. 8.—Yesterday's announcement of the signing of the armistice between the Germans and the allies was made by Admiral Wilson at Brest and was filed to the United Press with the admiral's approval.

#### United Press Acted in Good Faith.

Brest, France, Nov. 8.—Admiral Wilson, United States navy, commander of the American forces in French waters, today made the following statement:

"The statement of the United Press relative to the signing of the armistice was made public from my office on the basis of what appeared to be official and authoritative information.

"I am in a position to know that the United Press and its representatives acted in perfectly good faith and that premature announcement was the result of an error for which the agency was in no wise responsible."

#### Suspension of Arms Refused.

Paris, Nov. 8.—The German delegates arrived this morning at Marshal Foch's headquarters and are reported positively to have asked for an armistice.

The text of the allied conditions was read aloud and then handed to the enemy delegates. The latter asked immediate suspension of arms, which was refused.

The Germans, it is stated, have seventy-two hours in which to reply.

The enemy representatives arrived at the meeting place designated by Foch last night and spent the night in a house which had been prepared for them there. They proceeded to Foch's temporary headquarters this morning.

#### Meet Foch at 9 A. M.

Washington, Nov. 8.—The German delegates entered General Foch's headquarters at 9 a. m., Paris time, today, the state department announced.

If it is found that the armistice needs to be referred to Berlin, 72 hours in which to make their reply will be allowed from the time the decision to refer it is reached, the department said.

#### Statement by United Press.

New York, Nov. 8.—In view of the British and French official statements today, showing continued fighting on the western front, the United Press issued the following statement today:

"Our cable received from Paris at noon yesterday, signed by Roy W. Howard, president of the United Press, and William Philip Simms, manager of the Paris bureau, reporting the signing by the allies and Germany of an armistice, was written in plain English and not susceptible to any possible misconstruction as received in this office,

"No censor could have any doubt as to its plain meaning.

"After the receipt of the second message reporting the celebration in Brest, we have received no further word whatever from Mr. Howard or Mr. Simms, although messages were dispatched to them as early as 1 p. m. yesterday. Following is the exact cable copy of the original message as transmitted to the United Press:

"United Press, New York.

### VACCINATION IS URGED

Health Officials Urge People To Guard Against Smallpox.

County health officials advise that everyone who has not been vaccinated against smallpox, should do so at once because there are eight cases of the disease southwest of the city. None of the patients was ever vaccinated. The health officers say the safest way to guard against a spread of the disease is to be vaccinated. A man from the same vicinity where those already afflicted live, was found to be suffering with the malady this morning.

### QUOTA BASIS FOR 1917 CLASS FILLED

State's Record Show County Will Have Supplied 259 Men, When 8 Leave Next Week.

#### FEW IN OLD CLASS, HOWEVER

Hundred Classified Thursday, 77 Being Placed in Class One—82 Questionnaires Out.

The eight registrants who have been selected to go to Camp Wadsworth, South Carolina, a week from today, are supposed to represent all that are left in the Rush county class of 1917, according to a statement from the state conscription officer, Major Baltzell, and on paper they complete the county's quota basis of 259 from May 1 to October 1, not counting the September 12 registrants.

This means that, counting the eight who will entrain next week, Rush county has contributed 259 men to the man power of the country in its effort to win the war against Germany.

The records of the local army selection board disclose, however, that these eight men do not exhaust the 1917 class because there are a few left. This is probably due to the fact that some deferred class men have been reclassified and placed in one, of which, the state office has no record.

A total of 177 registrants of the September 12 class had been classified up to this morning, according to the records of the local board. This includes one hundred which were classified yesterday. Of this number seventy-seven were placed in class one, five in class two, nine in class four and nine in class five. Two of the number in class one, all in class two and five in class four have district board claims.

When the local board went into session today, there were only eighty-two questionnaires to be returned, 1191 of the 1273 mailed to registrants eighteen years of age and above thirty-seven, having been received.

Three more registrants have been listed for overseas service in the motor transport, making a total of twenty-one Rush county registrants who have volunteered on this call. The last three to offer their services are William A. Sailor, 635 W. Tenth street; Virgil Murphy, Milroy, and William I. Abernathy, Rushville, R. R. 5.

Rulings in eleven cases were received from the district board this morning, eight registrants being

### WILL SPEAK AT ARLINGTON

Lieut. Roselli Also to Address Carthage Meeting Sunday

Lieutenant Roselli, the Italian officer who will address a mass meeting in the interest of the United War Work campaign Sunday night, will speak at meetings of the same character in Arlington Sunday morning at 10:30 o'clock and in Carthage in the afternoon at two. The Carthage meeting will be in the open air if the weather is favorable. Otherwise it will take place in the Friends church. E. B. Thomas will preside. Ripley township's quota in the campaign is \$4,000.

### TRYING TIMES ARE ALL AHEAD

Appeal for Support of Seven War Charities More Urgent with End Of War in Sight.

#### MUST KEEP DOWN DISCONTENT

Lieut. Roselli, an Italian, Will Address Meeting Opening Campaign Here Sunday Night

The end of the war, which is in sight, will only serve to increase the duties of the seven war charities until the United War Work campaign and makes more imperative the support of the drive, beginning next Monday, during which Rush county is expected to contribute \$40,000.

This fact is being emphasized more and more by officials of the seven organizations because of the belief that the people of the United States will relax their efforts, once they think the war is won, and not support the United War Work campaign with their usual vigor.

A mass meeting will be held at the First Presbyterian church Sunday evening at seven o'clock for the purpose of giving the campaign a good start in this county. Lieutenant Roselli, and Italian who has been through several campaigns, will make the principle address, and a special program is being arranged. All churches of the city will unite in holding the meeting.

A message received last night by Will Inlow, Rush county chairman, from W. A. Kling of Indianapolis, state campaign director, makes an appeal for support of the war organizations because of their great need now. The telegram said:

Reported armistice and possible year long demobilization period, increase work and responsibility of seven war welfare activities one hundred percent. Three million idle soldiers now to be served incessantly to prevent demoralization. Urge every member of your organization to redouble efforts. Phone all pastors to make special plea Sunday.

The greater need of the work of the war charities is also emphasized further by a statement from William H. Crawford of the national publicity department, in which he says:

The boys will be contented as long as they are fighting, for they are inspired by patriotism, and will put up with any number of hardships as long as they can get at the Hun. The trying times, however, will come during the period of reconstruction and the necessity of these organizations

## GERMANS ARE IN RETREAT TOWARD METZ AND CONFLANS

American Fliers Bring News That All Roads Leading to These Two Places Are Jammed With Trucks Filled With Men and Material. German Revolution Extends Across Northern Portion of Empire, According to Reports.

### PROGRESS OF REVOLT IS PEACEFUL

(By United Press)

With the American Army, Nov. 8.—American fliers report that all roads toward Metz and Conflans are literally jammed with enemy motor trucks filled with men and material. The Americans are rushing forward in trucks, which they have been forced to employ to keep up with the fleeing Germans.

Stenay, Mouson and the southern part of Sedan are on fire.

### MANILLA BOY KILLED IN ACTION OCTOBER 2

Mr. and Mrs. Cassius Pattison Receive Word of the Death of Their Son, C. E. Pattison.

#### COMMENDED FOR BRAVERY

Private Cyrus E. Pattison, former Manilla boy, who was commended for bravery under fire August 28, was killed in action October 2, according to a message received from the war department yesterday afternoon by his parents, Mr. and Mrs. Cassius Pattison of Manilla.

Private Pattison, who was the member of an infantry regiment, had been in France for several months, having enlisted in the army early in the war after having served an enlistment in the navy. He was about twenty-five years of age and is survived by his parents and two sisters.

Mr. and Mrs. Pattison received a dispatch early this week announcing that their son had been commended for bravery under fire. According to an American colonel, who sent the message, private Pattison, under heavy shell fire, ran out 400 yards to the front in open daylight and located a company which had suffered heavy casualties, and conducted it back to safety.

### LT. WILL BRANN OVERSEAS

Before Sailing He Was Stationed At Gettysburg, Pennsylvania.

Mr. and Mrs. O. C. Brann have received word that their son Lieut. Will Brann, has arrived safely overseas. Lieut. Brann left here with old Company B and went to Hattisburg, Mississippi, and from there he was sent to enter officers training at a camp in Texas, where he received his commission as a lieutenant. Before sailing he was stationed at a camp in Gettysburg, Pennsylvania, and was in the tank corps.

The premature celebration over the armistice terms being signed did not pass without a false fire alarm being turned in. The department made a run to box 41 and could find no trace of a fire.

#### Navy in Hands of Revolters

Copenhagen, Nov. 8.—The German revolution was reported today to have spread into Mecklenburg-Schwerin and East Prussia thus extending across practically the whole northern portion of the empire.

Dispatches said the city of Schwerin, one of the principal cities of east Prussia, had joined the revolt. Wilhelmshaven and Bremen, North Sea ports, are expected to have joined the revolution.

The whole German navy is now to be in the hands of the red flag Germans.

The progress of the revolution is declared to be comparatively peaceful.

The newspaper Politiken says it has no doubt that a majority of the reichstag majority will demand unanimously the kaiser's abdication, which according to the paper, may be expected today or tomorrow.

#### Hamburg in Revolt

London, November 8.—The German revolutionary movement is reported to embrace not only the two maritime centers, Hamburg and Bremen, as well as other places in northwestern Germany, but also to have manifested itself at Tilsit, in East Prussia.

The port of Hamburg is completely in the hands of the revolutionists, according to reports from Hamburg newspapers printed by the Cologne Gazette. The red flag is flying on all the ships in the harbor.

The headquarters of the commander of the port have been occupied by the soldiers' council, after exciting occurrences, in which machine guns were used.

All kinds of excesses took place in the neighboring city of Altona. The port commander there agreed to all the demands submitted by the soldiers' council.

#### Fighting Continues

London, Nov. 7.—11:30 A. M.—"There was sharp fighting yesterday evening in the neighborhood of Ecalibes," Field Marshal Haig announced today.

Field Marshal Haig's statement indicates that the cessation of firing on the west front, reported to have gone into effect at 2 o'clock yesterday afternoon until further orders, may have been limited to that portion of the front where the German armistice delegates crossed the lines.

## LIQUOR CHARGES NOLLIED

Jesse Guire, Albert Sorrell and John Vanatta Set Free.

The charges against Albert Sorrell, John Vanatta and Jesse Guire, for having an illegal amount of intoxicating liquor in their possession, were nollied in Mayor Irvin's court this morning on motion of the prosecutor, for the lack of evidence, when they were arraigned for trial. The three men were arrested a week ago last night when they got off a C. I. & W. train with about eight quarts of whiskey. It is reported that the whiskey was stolen from the mayor's office election night.

## AFTER THE GRIPPE

To regain your health and strength again you must take a tonic and for this purpose the Medical Profession is prescribing Iron, Nux Vomica, Gentian, Capsicum and Zinc Phosphide in some form. Many preparations containing Iron are very constipating, but this is overcome by the addition of Aloin in Chase's Blood and Nerve Tablets, which contain all of the above tonic remedies.

In these Tablets you have all that is good in tonic medicines without any harmful effects. They are safe and sure health builders and at this particular time it would be hard to over estimate their value.

Weigh yourself before taking them and see what you gain in weight and strength.

Nearly all druggists sell Chase's Blood and Nerve Tablets at sixty cents a box. Special ninety cents.—Adv.

# And a Thousand Fighters Call Him Dad!

**T**HERE is a new kind of fighter in this war. He wears a uniform but he doesn't carry a gun. He carries cheer and comfort and a great big heart. Never mind whether his uniform shows the emblem of the Y. M. C. A. or the Knights of Columbus, the Jewish Welfare Board or the Salvation Army. He doesn't care—and neither does your boy.

This new kind of fighter is making a new kind of fight. He is fighting against lonesomeness and heart-ache and monotony and worry. He is fighting for that quality which wins wars—morale!

Your boy has it. This man is fighting to let him keep it.

Maybe your boy hasn't had a letter for a long time. Or maybe there was something that worried him in the letter that he got this morning.

Or maybe he has had a disappointment—hoped for promotion and didn't get it. Or maybe he'd give a million dollars just to see his folks one minute.

It hurts to lock up things like that, deep down inside your heart. It helps to pour them out.

And that is where this man comes in—the Daddy of them all. They know that he will understand—that he won't laugh or preach. They know that he is there with the right word and the right pat on the back when it's needed most.

You Daddies of America, you men who want to go and can't, let's keep this Daddy on the job!

### Why You Should Give Twice as Much as You Ever Gave Before!

The need is for a sum 70% greater than any gift ever asked for since the world began. The Government has fixed this sum at \$170,500,000.

By giving to these seven organizations all at once, the cost and effort of six additional campaigns is saved.

Unless Americans do give twice as much as ever before, our soldiers and sailors may not enjoy during 1919 their:

- 3,500 Recreation Buildings
- 1,000 Miles of Movie Film
- 100 Leading Stage Stars
- 2,000 Athletic Directors
- 2,500 Libraries supplying 5,000,000 books
- 85 Homes Houses
- 15,000 Big-brother "secretaries"
- Millions of dollars of home-comforts

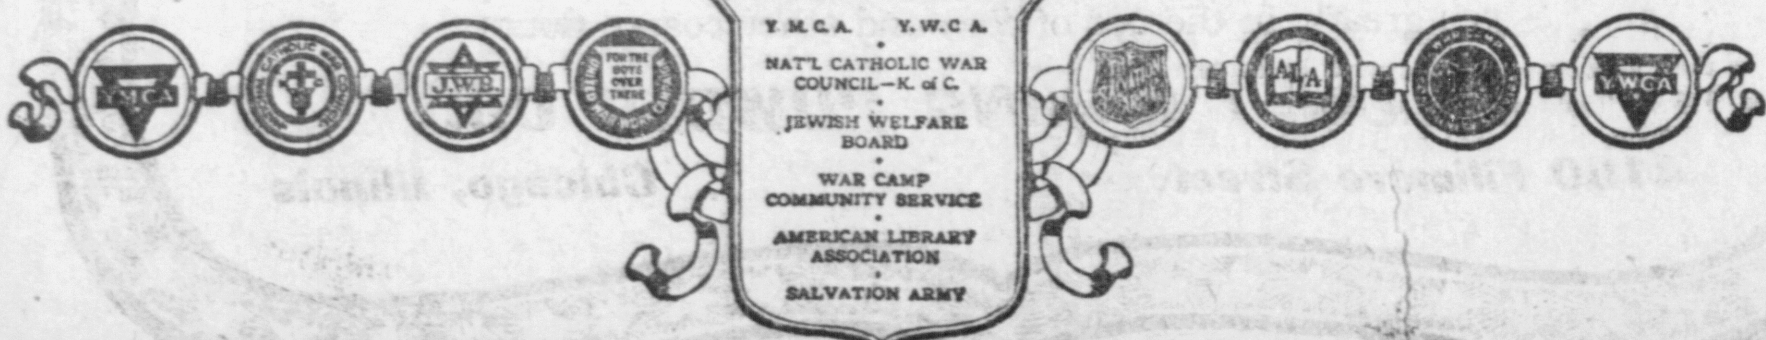

When you give double, you make sure that every fighter has the cheer and comfort of these seven organizations every step of the way from home to the front and back again. You provide him with a church, a theatre, a cheerful home, a store, a school, a club and an athletic field—and a knowledge that the folks back home are with him, heart and soul!

You have loaned your money to supply their physical needs.

Now give to maintain the morale that is winning the war!

American women nurses are installed eight miles in the rear of the fighting lines "over there." Right here at home many women should learn nursing to take care of the sick or, in emergencies, the wounded. You can learn a great deal by obtaining the "Medical Adviser," a book of 1,000 pages, bound in cloth, containing chapters on First Aid, Bandaging, Anatomy, Hygiene, Sex Problems, Mother and Babe. 200 prescriptions for acute and chronic diseases; profusely illustrated by wood cuts and colored plates. # EASY TO DARKEN YOUR GRAY HAIR

You can Bring Back Color and Lustre with Sage Tea and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. At little cost you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger. This ready-to-use preparation is a delightful toilet requisite and not a medicine. It is not intended for the cure, mitigation or prevention of disease.

# MEAT INJURIOUS TO THE KIDNEYS

Take a tablespoonful of Salts if Back hurts or Bladder bothers—Meat forms uric acid.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.

#### Have Patience.

The general tone of President Wilson's replies to the German overtures have caused a slight disappointment in certain circles both here and abroad. The subject of reparation seems to have been carefully left out, and its absence invests the messages with a mildness which has exposed our attitude as a nation to the criticisms of the overzealous.

These critics have overlooked the real nature of the German proposals. They were a carefully prepared but fairly obvious snare.

The Prussian diplomat hoped for one of two alternatives; the president would either demand reparation to the last penny, or he would agree to an armistice. If he did the former the German government could easily interpret the reply to the masses as a proof of allied rapacity; they could quote the stupendous figures tabulating the Belgium and Serbian indemnities, and with a very little verbal jugglery convince their fol-

lowing that their only hope lay in fighting to the last cartridge. Such an answer would solidify the half-disintegrated elements in German politics.

If the president had agreed to an armistice it would not only have estranged France and England from us but it would have given Germany the respite she needed to establish new lines of defense. Deported French and Belgian captives digging her trenches and making her munitions could be sweated for many weeks while plenipotentiaries asked freak riddles across a table.

Instead, the president aimed at discrediting the German high command and the oligarchy of Potsdam. The populace are invited to forsake the guidance which gives them military power while it keeps them in quasi-servitude. They are not threatened with indemnities—just yet.

But we need not concern ourselves with the question of reparation. Though it is not raised just now there is no doubt about its introduction at the conference. Belgian plenipotentiaries will be there. French representatives—with long memories—will present a few exercises in scientific bookkeeping. Your Uncle Sam will also find time to rake up a few by-gones, and the passenger list of the Lusitania will not be the only document in his portfolio.

Germany may have a place at the conference table—or under it—but she will do most of the listening.

#### Y. M. C. A. in Italy.

The Y. M. C. A. in Italy, as everywhere else, has asserted itself in a most splendid and generous manner. While the Red Triangle, known the world over as the sign of brotherhood, is much in evidence in the Italian War Zone, the four letters "Y. M. C. A." are nowhere to be seen. The reason given for this is that the Italians, in general, are opposed to any organization of a public nature which is controlled by a religious or sectarian element. Such a title as that of the Y. M. C. A. would create a certain feeling of mistrust among the Italian people as to the purposes of the association.

The officers of the Y. M. C. A. in Italy have been quick to appreciate this, and in order to work in full harmony with the Italians have changed the name of the association to "Societa (di) Fratellanza Universale" or Society of Universal Brotherhood. Accordingly, the letters

### A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

"S. F. U." have everywhere been substituted for "Y. M. C. A."

History repeats itself. So does human nature under conditions of terrific strain. The Red Terror in Russia in its cruelty and heartlessness rivals the Reign of Terror in the French Revolution.

Next year men's straw hats are to be greatly restricted in style and variety by government regulations. But next June is soon enough for us to be unhappy about it.

In war times as in other times an ounce of practical efficiency is worth a pound of theoretical knowledge.

These will be remembered as the days when peace messages were flying and Spanish influenza flew.

### 50 PERCENT OF FOURTH ISSUE DELIVERED NOW

Banks Will Receive Only Half Of Bonds They Subscribed for On First Delivery.

OTHERS WILL COME LATER

Only fifty per cent of the Fourth Liberty Loan bonds sold recently, will be delivered for the present, according to word received by local banks. Delivery was to begin last Monday and will be made alphabetically, it is presumed, as has been the custom before. If the same policy is followed, Rushville will be way down in the list. The banks will receive half of the amount they subscribed for and will see their own discretion in delivering them to their customers. The statement says:

"The crippled condition of the forces engaged in the several steps incident to the process of production, distribution and transportation of Fourth Liberty Loan bonds, due to illness, has resulted in our having on hand and insufficient supply of coupon bonds to complete delivery at this time with respect to all full paid applications. Therefore, in justice to all subscribers, we are arranging to make a 50 percent delivery beginning Monday, November 4, 1918."

ACID-STOMACH

Causes

The first sign of stomach misery usually comes after over-eating. The doctors call it "superacidity". The people say—"sour stomach".

Millions of people who have lost their ambition, energy, courage, vitality and strength—who are weak, pale and listless—who go through life just dragging one foot after another—tired and worn out nearly all the time—nervous, irritable, subject to severe headache, insomnia, and a long train of physical ills—would be surprised, yes, dumbfounded, to learn that it is just an acid-stomach that is causing them all their misery. Yet in nearly nine cases out of ten that is just where the trouble starts.

Now a sour, acid-stomach, or "superacidity", of course, simply means too much acid in the stomach. You can now quickly rid your stomach of its excess acid. A wonderful modern remedy called EATONIC literally wipes it out. It does the work easily,

quickly and thoroughly. It makes the stomach pure, sweet, cool and comfortable. It helps you to get full strength out of every mouthful of food you eat; and unless you do get full strength from your food you cannot enjoy robust, vigorous health.

EATONIC is in tablet form. They are pleasant tasting—just like a bit of candy—and are absolutely harmless. Take EATONIC and find out for yourself how wonderfully different you will feel. See how quickly EATONIC banishes the immediate effects of acid-stomach—bloat, heartburn, belching, food repeating, indigestion, etc. See, too, how quickly your general health improves—how much you relish your food—how much more easily your food is digested—how soundly you sleep—how nervousness and irritability disappear. And all simply because, by taking EATONIC, you have rid your stomach of a lot of excess acid that has been holding back and making your life miserable.

So get a big box of EATONIC from your druggist today. He is authorized to guarantee EATONIC to please you and you can trust him to make this guarantee good. If EATONIC fails in any way, take it back—he will refund your money. If your druggist does not keep EATONIC write to us direct and we will send you a big 50c box and you can send us the 50c after you receive it. Address: H. L. A DEAD STOMACH

Of What Use Is It?

Thousands, yes hundreds of thousands of people throughout America are taking the slow death treatment daily.

They are murdering their own stomach, the best friend they have, and in their sublime ignorance they think they are putting aside the laws of nature.

This is no sensational statement; it is a startling fact, the truth of which any honorable physician will not deny.

These thousands of people are swallowing daily huge quantities of pepsin and other strong digesters, made especially to digest the food in the stomach without any aid at all from the digestive membrane of the stomach.

Mi-on-a-stomach tablets relieve distressed stomach in five minutes; they do more. Taken regularly for a few weeks they build up the run down stomach and make it strong enough to digest its own food. Then indigestion, belching, sour stomach and headache will go.

Mi-on-a stomach tablets are sold by druggists everywhere and by Johnson's Drug Store who guarantee them.—Adv.

A Self-Cleaning Conveyor

We are wondering if our customers fully appreciate what real quality is built into the "RUSHVILLE SPECIAL" Spreader by the use of the OPEN-DOOR, or SELF-CLEANING conveyor. You know the trials and troubles that come from the clogging of a conveyor under a manure spreader, the fouling of the slats and the general objections of this character as found in many machines.

In our spreader we have entirely overcome objections of this kind by having each section of the conveyor hinged at one edge so, as it passes back under the machine, it swings wide open and lets all accumulation fall freely to the ground. There is no clogging of this machine in the winter time, no matter how much it freezes up. There are none of the fouling troubles that come with other endless conveyors. This is one of the vital parts of a manure spreader.

This kind of a conveyor is expensive to build, but that is not the only reason why it is found on no other machines. It is covered by basic patents and is made only by the company building our spreaders for us.

Come in and let us show you what it is and how it turns the trick. We are waiting for your call.

### TO PLAY ANDERSON TONIGHT

The Rushville high school basketball team will go to Anderson tonight to meet the high school quintet of that place. The game was scheduled some time ago, but it was thought playing it would be impossible because of the influenza. Word has been received however, that the ban has been lifted in Anderson and that the Rushville five was expected.

### THREE MORE CASES

Only three more cases of Spanish influenza were reported to the county health officer yesterday, all of them developing in the city. This brings the total during the epidemic to 696. One more death was attributed to the malady, making a total of 16.

## CELEBRATIONS NOT STOPPED BY DENIAL

Despite denials from Washington, contained in extra editions of newspapers received here last night, the premature celebration over the reported signing of the armistice by the allies in Germany, continued unabated here until late in the night.

Every conceivable sort of a noise-making device was brought into play. Blank cartridges fired in revolvers, anvils and other antiquated instruments that hark back to the celebrations of political victories, which were all used to keep up the din until after midnight. During the afternoon business houses displayed flags and residences were also decorated.

Similar celebrations were held in every town in the county. Carthage, Arlington and Milroy people all gave vent to their feelings.

## REPUBLICAN CONTROL IN SENATE AND HOUSE

Washington, November 8.—With forty-eight seats assured yesterday, and the race of Truman H. Newberry, Republican, against Henry Ford, Democrat, in Michigan, decided in favor of Newberry on the face of virtually complete unofficial returns, the Republicans today felt confident they would organize the upper branch of the congress as well as the house.

The unofficial complete returns in Michigan gave Newberry a majority of about 8,500. In Idaho the Democratic candidate, Senator Nugent, was credited with an increased lead of about 600 votes over former Governor Gooding, the republican candidate.

BANKS WIN RECOGNITION

Each One in County Takes Quota Of Certificates

All the banks of Rush county have received certificates of distinguished financial service for having taken their full quota of certificates of indebtedness, and are displaying them in their places of business. The certificates were issued in anticipation of the Fourth Liberty loan and Lon Link was in charge of the sales in this county.

The banks all took their share of certificates at the cost of a certain amount of sacrifice, and the honor certificate which has been sent to each banker is not intended as a reward but merely as a recognition of the loyal support which has financed the war plans of the government until the proceeds of the Fourth Liberty loan are available.

UNION SERVICE PLANS

The Ministerial Association had a meeting yesterday afternoon and decided to have the Annual Thanksgiving service on Thanksgiving evening at 7:30 o'clock at the First Baptist church. The Rev. C. J. Bunnell will preach the sermon.

## Naval Officer Made Announcement; Armistice Terms Handed To Delegates

### ADMIRAL WILSON SAYS HE GAVE STATEMENT TO UNITED PRESS

**Commander of American Naval Forces in French Waters Declares Signing of Armistice Was Announced on What Appeared to be Official and Authoritative Information. German Delegates Have 72 Hours to Reply if They Decide Terms Should be Referred to Berlin.**

### MEET WITH GEN. FOCH THIS MORNING

(By United Press)

New York, Nov. 8.—Yesterday's announcement of the signing of the armistice between the Germans and the allies was made by Admiral Wilson at Brest and was filed to the United Press with the admiral's approval.

### United Press Acted in Good Faith.

Brest, France, Nov. 8.—Admiral Wilson, United States navy, commander of the American forces in French waters, today made the following statement:

"The statement of the United Press relative to the signing of the armistice was made public from my office on the basis of what appeared to be official and authoritative information.

"I am in a position to know that the United Press and its representatives acted in perfectly good faith and that premature announcement was the result of an error for which the agency was in no wise responsible."

### Suspension of Arms Refused.

Paris, Nov. 8.—The German delegates arrived this morning at Marshal Foch's headquarters and are reported positively to have asked for an armistice.

The text of the allied conditions was read aloud and then handed to the enemy delegates. The latter asked immediate suspension of arms, which was refused.

The Germans, it is stated, have seventy-two hours in which to reply.

The enemy representatives arrived at the meeting place designated by Foch last night and spent the night in a house which had been prepared for them there. They proceeded to Foch's temporary headquarters this morning.

### Meet Foch at 9 A. M.

Washington, Nov. 8.—The German delegates entered General Foch's headquarters at 9 a. m., Paris time, today, the state department announced.

If it is found that the armistice needs to be referred to Berlin, 72 hours in which to make their reply will be allowed from the time the decision to refer it is reached, the department said.

### Statement by United Press.

New York, Nov. 8.—In view of the British and French official statements today, showing continued fighting on the western front, the United Press issued the following statement today:

"Our cable received from Paris at noon yesterday, signed by Roy W. Howard, president of the United Press, and William Philip Simms, manager of the Paris bureau, reporting the signing by the allies and Germany of an armistice, was written in plain English and not susceptible to any possible misconstruction as received in this office.

"No censor could have any doubt as to its plain meaning.

### VACCINATION IS URGED

**Health Officials Urge People To Guard Against Smallpox.**

County health officials advise that everyone who has not been vaccinated against smallpox, should do so at once because there are eight cases of the disease southwest of the city. None of the patients was ever vaccinated. The health officers say the safest way to guard against a spread of the disease is to be vaccinated. A man from the same vicinity where those already afflicted live, was found to be suffering with the malady this morning.

### QUOTA BASIS FOR 1917 CLASS FILLED

**State's Record Show County Will Have Supplied 259 Men, When 8 Leave Next Week.**

### FEW IN OLD CLASS, HOWEVER

**Hundred Classified Thursday, 77 Being Placed in Class One—82 Questionnaires Out.**

The eight registrants who have been selected to go to Camp Wadsworth, South Carolina, a week from today, are supposed to represent all that are left in the Rush county class of 1917, according to a statement from the state conscription officer, Major Baltzell, and on paper they complete the county's quota basis of 259 from May 1 to October 1, not counting the September 12 registrants.

This means that, counting the eight who will entrain next week, Rush county has contributed 259 men to the man power of the country in its effort to win the war against Germany.

The records of the local army selection board disclose, however, that these eight men do not exhaust the 1917 class because there are a few left. This is probably due to the fact that some deferred class men have been reclassified and placed in one, of which, the state office has no record.

A total of 177 registrants of the September 12 class had been classified up to this morning, according to the records of the local board. This includes one hundred which were classified yesterday. Of this number seventy-seven were placed in class one, five in class two, nine in class four and nine in class five. Two of the number in class one, all in class two and five in class four have district board claims.

When the local board went into session today, there were only eighty-two questionnaires to be returned, 1191 of the 1273 mailed to registrants eighteen years of age and above thirty-seven, having been received.

Three more registrants have been listed for overseas service in the motor transport, making a total of twenty-one Rush county registrants who have volunteered on this call. The last three to offer their services are William A. Sailor, 635 W. Tenth street; Virgil Murphy, Milroy, and William I. Abernathy, Rushville, R. 5.

Rulings in eleven cases were received from the district board this morning, eight registrants being

### WILL SPEAK AT ARLINGTON

**Lieut. Roselli Also to Address Carthage Meeting Sunday**

Lieutenant Roselli, the Italian officer who will address a mass meeting in the interest of the United War Work campaign Sunday night, will speak at meetings of the same character in Arlington Sunday morning at 10:30 o'clock and in Carthage in the afternoon at two. The Carthage meeting will be in the open air if the weather is favorable. Otherwise it will take place in the Friends church. E. B. Thomas will preside. Ripley township's quota in the campaign is \$4,000.

### TRYING TIMES ARE ALL AHEAD

**Appeal for Support of Seven War Charities More Urgent with End Of War in Sight.**

### MUST KEEP DOWN DISCONTENT

**Lieut. Roselli, an Italian, Will Address Meeting Opening Campaign Here Sunday Night**

The end of the war, which is in sight, will only serve to increase the duties of the seven war charities until the United War Work campaign, and makes more imperative the support of the drive, beginning next Monday, during which Rush county is expected to contribute \$40,000.

This fact is being emphasized more and more by officials of the seven organizations because of the belief that the people of the United States will relax their efforts, once they think the war is won, and not support the United War Work campaign with their usual vigor.

A mass meeting will be held at the First Presbyterian church Sunday evening at seven o'clock for the purpose of giving the campaign a good start in this county. Lieutenant Roselli, and Italian who has been through several campaigns, will make the principle address, and a special program is being arranged. All churches of the city will unite in holding the meeting.

A message received last night by Will Inlow, Rush county chairman from W. A. Kling of Indianapolis, state campaign director, makes an appeal for support of the war organizations because of their great need now. The telegram said:

Reported armistice and possible year long demobilization period, increase work and responsibility of seven war welfare activities one hundred percent. Three million idle soldiers now to be served incessantly to prevent demoralization. Urge every member of your organization to redouble efforts. Phone all pastors to make special plea Sunday.

The greater need of the work of the war charities is also emphasized further by a statement from William H. Crawford of the national publicity department, in which he says:

The boys will be contented as long as they are fighting, for they are inspired by patriotism, and will put up with any number of hardships as long as they can get at the Hun. The trying times, however, will come during the period of reconstruction and the necessity of these organizations

### GERMANS ARE IN RETREAT TOWARD METZ AND CONFLANS

**American Fliers Bring News That All Roads Leading to These Two Places Are Jammed With Trucks Filled With Men and Material. German Revolution Extends Across Northern Portion of Empire, According to Reports.**

### PROGRESS OF REVOLT IS PEACEFUL

(By United Press)

With the American Army, Nov. 8.—American fliers report that all roads toward Metz and Conflans are literally jammed with enemy motor trucks filled with men and material. The Americans are rushing forward in trucks, which they have been forced to employ to keep up with the fleeing Germans.

Stenay, Mouson and the southern part of Sedan are on fire.

### MANILLA BOY KILLED IN ACTION OCTOBER 2

**Mr. and Mrs. Cassius Pattison Receive Word of the Death of Their Son, C. E. Pattison.**

### COMMENDED FOR BRAVERY

Private Cyrus E. Pattison, former Manilla boy, who was commended for bravery under fire August 28, was killed in action October 2, according to a message received from the war department yesterday afternoon by his parents, Mr. and Mrs. Cassius Pattison of Manilla.

Private Pattison, who was the member of an infantry regiment, had been in France for several months, having enlisted in the army early in the war after having served an enlistment in the navy. He was about twenty-five years of age and is survived by his parents and two sisters.

Mr. and Mrs. Pattison received a dispatch early this week announcing that their son had been commended for bravery under fire. According to an American colonel, who sent the message, private Pattison, under heavy shell fire, ran out 400 yards to the front in open daylight and located a company which had suffered heavy casualties, and conducted it back to safety.

### LT. WILL BRANN OVERSEAS

**Before Sailing He Was Stationed At Gettysburg, Pennsylvania.**

Mr. and Mrs. O. C. Brann have received word that their son Lieut. Will Brann, has arrived safely overseas. Lieut. Brann left here with old Company B and went to Hattisburg, Mississippi, and from there he was sent to enter officers training at a camp in Texas, where he received his commission as a lieutenant. Before sailing he was stationed at a camp in Gettysburg, Pennsylvania, and was in the tank corps.

The premature celebration over the armistice terms being signed did not pass without a false fire alarm being turned in. The department made a run to box 21 and could find no trace of a fire.

**Navy in Hands of Revolters**  
Copenhagen, Nov. 8.—The German revolution was reported today to have spread into Mecklenburg-Schwerin and East Prussia thus extending across practically the whole northern portion of the empire.

Dispatches said the city of Schwerin, one of the principal cities of east Prussia, had joined the revolt. Wilhelmshaven and Bremen, North Sea ports, are expected to have joined the revolution.

The whole German navy is now to be in the hands of the red flag Germans.

The progress of the revolution is declared to be comparatively peaceful.

The newspaper Politiken says it has no doubt that a majority of the reichstag majority will demand unanimously the kaiser's abdication, which according to the paper, may be expected today or tomorrow.

### Hamburg in Revolt

London, November 8.—The German revolutionary movement is reported to embrace not only the two maritime centers, Hamburg and Bremen, as well as other places in northwestern Germany, but also to have manifested itself at Tilsit, in East Prussia.

The port of Hamburg is completely in the hands of the revolutionists, according to reports from Hamburg newspapers printed by the Cologne Gazette. The red flag is flying on all the ships in the harbor.

The headquarters of the commander of the port have been occupied by the soldiers' council, after exciting occurrences, in which machine guns were used.

All kinds of excesses took place in the neighboring city of Altona. The port commander there agreed to all the demands submitted by the soldiers' council.

### Fighting Continues

London, Nov. 7.—11:30 A. M.—"There was sharp fighting yesterday evening in the neighborhood of Ecalibes," Field Marshal Haig announced today.

Field Marshal Haig's statement indicates that the cessation of firing on the west front, reported to have gone into effect at 2 o'clock yesterday afternoon until further orders, may have been limited to that portion of the front where the German armistice delegates crossed the lines.

**WAR WORK**

American women nurses are installed eight miles in the rear of the fighting lines "over there." Right here at home many women should learn nursing to take care of the sick or, in emergencies, the wounded. You can learn a great deal by obtaining the "Medical Adviser," a book of 1,000 pages, bound in cloth, containing chapters on First Aid, Bandaging, Anatomy, Hygiene, Sex Problems, Mother and Baby, 200 prescriptions for acute and chronic diseases; profusely illustrated by wood cuts and colored plates. Ask your druggist or send 50c. to Publisher, 663 Main Street, Buffalo, N. Y.

If a woman is nervous or has dizzy spells, suffers from awful pains at regular or irregular intervals she should turn to a tonic made up of herbs, and without alcohol, which makes weak women strong and sick women well. It is Dr. Pierce's Favorite Prescription. Then, for the liver and bowels nothing is so good as Dr. Pierce's Pleasant Pellets.

"The 'Pleasant Pellets' I keep in my medicine chest for immediate use and feel that I couldn't keep house without them."

—Mrs. Minnie McGregor, 612 Clement St.

**EASY TO DARKEN YOUR GRAY HAIR**

You can Bring Back Color and Lustre with Sage Tea and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. At little cost you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger. This ready-to-use preparation is a delightful toilet requisite and not a medicine. It is not intended for the cure, mitigation or prevention of disease.

**MEAT INJURIOUS TO THE KIDNEYS**

Take a tablespoonful of Salts if Back hurts or Bladder bothers—Meat forms uric acid.

We ate a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.

**Have Patience.**

The general tone of President Wilson's replies to the German overtures have caused a slight disappointment in certain circles both here and abroad. The subject of reparation seems to have been carefully left out, and its absence invests the messages with a mildness which has exposed our attitude as a nation to the criticisms of the overzealous.

These critics have overlooked the real nature of the German proposals. They were a carefully prepared but fairly obvious snare.

The Prussian diplomat hoped for one of two alternatives; the president would either demand reparation to the last penny, or he would agree to an armistice. If he did the former the German government could easily interpret the reply to the masses as a proof of allied rapacity; they could quote the stupendous figures tabulating the Belgian and Serbian indemnities, and with a very little verbal jugglery convince their fol-

lowing that their only hope lay in fighting to the last cartridge. Such an answer would solidify the half-disintegrated elements in German politics.

If the president had agreed to an armistice it would not only have estranged France and England from us but it would have given Germany the respite she needed to establish new lines of defense. Deported French and Belgian captives digging her trenches and making her munitions could be sweated for many weeks while plenipotentiaries asked freak riddles across a table.

Instead, the president aimed at discrediting the German high command and the oligarchy of Potsdam. The populace are invited to forsake the guidance which gives them military power while it keeps them in quasi-servitude. They are not threatened with indemnities—just yet.

But we need not concern ourselves with the question of reparation. Though it is not raised just now there is no doubt about its introduction at the conference. Belgian plenipotentiaries will be there. French representatives—with long memories—will present a few exercises in scientific bookkeeping. Your Uncle Sam will also find time to rake up a few by-gones, and the passenger list of the Lusitania will not be the only document in his portfolio.

Germany may have a place at the conference table—or under it—but she will do most of the listening.

**Y. M. C. A. in Italy.**

The Y. M. C. A. in Italy, as everywhere else, has asserted itself in a most splendid and generous manner. While the Red Triangle, known the world over as the sign of brotherhood, is much in evidence in the Italian War Zone, the four letters "Y. M. C. A." are nowhere to be seen. The reason given for this is that the Italians, in general, are opposed to any organization of a public nature which is controlled by a religious or sectarian element. Such a title as that of the Y. M. C. A. would create a certain feeling of mistrust among the Italian people as to the purposes of the association.

The officers of the Y. M. C. A. in Italy have been quick to appreciate this, and in order to work in full harmony with the Italians have changed the name of the association to "Societa (di) Fratellanza Universale" or Society of Universal Brotherhood. Accordingly, the letters

**Ruddy Cheeks—Sparkling Eyes—Most Women Can Have**

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, yellow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

"S. F. U." have everywhere been instituted for "Y. M. C. A."

History repeats itself. So does human nature under conditions of terrific strain. The Red Terror in Russia in its cruelty and heartlessness rivals the Reign of Terror in the French Revolution.

Next year men's straw hats are to be greatly restricted in style and variety by government regulations. But next June is soon enough for us to be unhappy about it.

In war times as in other times an ounce of practical efficiency is worth a pound of theoretical knowledge.

These will be remembered as the days when peace messages were flying and Spanish influenza flew.

Heartburn. Belching.  
Indigestion. Food Repeating  
and Nearly All Kinds of  
Bodily Miseries

The first sign of stomach misery usually comes after over-eating. The doctors call it "supercidity". The people say—"sour stomach".

Millions of people who have lost their ambition, energy, courage, vitality and strength—who are weak, pale and listless—who go through life just dragging one foot after another—tired and worn out nearly all the time—nervous, irritable, subject to severe headache, insomnia, and a long train of physical ills—would be surprised, yes, dumbfounded, to learn that it is just an acid-stomach that is causing them all their misery. Yet in nearly nine cases out of ten that is just where the trouble starts.

Now a sour, acid-stomach, or "supercidity", of course, simply means too much acid in the stomach. You can now quickly rid your stomach of its excess acid. A wonderful modern remedy called EATONIC literally wipes it out. It does the work easily,

quickly and thoroughly. It makes the stomach pure, sweet, cool and comfortable. It helps you to get full strength out of every mouthful of food you eat and unless you do get full strength from your food you cannot enjoy robust, vigorous health.

EATONIC is in tablet form. They are pleasant to take and like a big candy and are absolutely harmless. Take EATONIC and find out for yourself how wonderfully different you will feel. See how quickly EATONIC banishes the immediate effects of acid-stomach—heartburn, belching, food repeating, indigestion, etc. See how quickly your general health improves—how much you enjoy your food—how much more easily your food is digested—how much you sleep—how nervousness and irritability disappear. Absolutely harmless by taking EATONIC, you have rid your stomach of a lot of excess acid that has been holding back and making your life miserable.

So get a big box of EATONIC from your druggist today. He is authorized to guarantee EATONIC to please you and you can trust him to make this guarantee good. If EATONIC fails in any way, take it back—he will refund your money. If your druggist does not keep EATONIC write to us direct and we will send you a big box because you can send us the five after you receive it. Address: H. L. Kramer, Fruit, Kansas City, Mo., 600 Walnut Ave., Chicago.

### DECIDE YOURSELF

The Opportunity Is Here, Backed By  
Rushville Testimony.

Don't take our word for it.  
Don't depend on a stranger's statement.  
Read the Rushville endorsement.  
Read the statement of Rushville citizens.  
And decide for yourself.  
Here is one case of it.

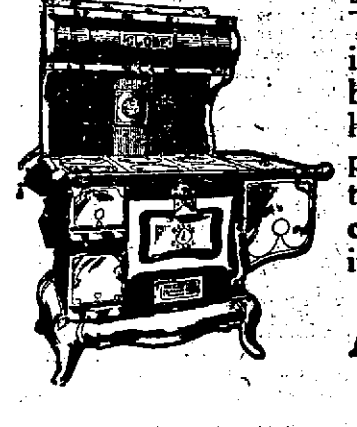

M. Conner, cigar manufacturer, 1001 N. Harrison St., Rushville, says: "I had backache and pains through my kidneys. My kidneys acted irregularly. Doan's Kidney Pills stopped the pain in my back and regulated my kidneys."

NO TROUBLE SINCE.

More than three years later, Mr. Conner said: "I haven't had to use Doan's Kidney Pills since giving my former endorsement, telling what they did for me. I am sure the cure is permanent."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Conner had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Adv.

A DEAD STOMACH

Of What Use Is It?

Thousands, yes hundreds of thousands of people throughout America are taking the slow death treatment daily.

They are murdering their own stomach, the best friend they have, and in their sublime ignorance they think they are putting aside the laws of nature.

This is no sensational statement; it is a startling fact, the truth of which any honorable physician will not deny.

These thousands of people are swallowing daily huge quantities of pepsin and other strong digesters, made especially to digest the food in the stomach without any aid at all from the digestive membrane of the stomach.

Mi-on-a stomach tablets relieve distressed stomach in five minutes; they do more. Taken regularly for a few weeks they build up the run down stomach and make it strong enough to digest its own food. Then indigestion, belching, sour stomach and headache, will go.

Mi-on-a stomach tablets are sold by druggists everywhere and by Johnson's Drug Store who guarantee them.—Adv.

A Self-Cleaning Conveyor

We are wondering if our customers fully appreciate what real quality is built into the "RUSHVILLE SPECIAL" Spreader by the use of the OPEN-DOOR, or SELF-CLEANING conveyor. You know the trials and troubles that come from the clogging of a conveyor under a manure spreader, the fouling of the slats and the general objections of this character as found in many machines.

In our spreader we have entirely overcome objections of this kind by having each section of the conveyor hinged at one edge so, as it passes back under the machine, it swings wide open and lets all accumulation fall freely to the ground. There is no clogging of this machine in the Winter time, no matter how much it freezes up. There are none of the fouling-troubles that come with other endless conveyors. This is one of the vital parts of a manure spreader.

This kind of a conveyor is expensive to build, but that is not the only reason why it is found on no other machines. It is covered by basic patents and is made only by the company building our spreaders for us.

Come in and let us show you what it is and how it turns the trick. We are waiting for your call.

# Be Ready For the WAR FUND CAMPAIGN!

We have in Rush County 800 Soldiers for this Fund—in Camp and Over Seas—and they need YOU as badly as you need THEM!

Monday, Nov. 11 to Sunday, Nov. 18

This Space Donated by  
**HORATIO S. HAVENS**

Mrs. Emmett Fegley entertained the Yomo club at her home yesterday afternoon. The guests had a very enjoyable afternoon.

The members of the War Mothers club will meet tomorrow afternoon at the home of Mrs. Lewis Cline instead of having their meeting at the Social

club rooms, so that Mrs. John Blackledge, the county war mother, may be present. It will be the first meeting she has attended since she was injured in an automobile accident. All members are urged to be present.

Mrs. George Aultman was hostess today for the members of the Grand club with a one o'clock luncheon, at her home in West First street.

The members of the Thimble club met this afternoon at the home of

Mrs. Lewis Sexton in East Ninth street. The guests enjoyed the afternoon by knitting and in a social good time.

The members of the C. W. B. M. met yesterday afternoon in the parlors of the church at 2:15 o'clock. A very interesting program was given by members, after which a social time was enjoyed.

Mr. and Mrs. Chase Manzy will entertain at their home in North Main street this evening with a pitch in dinner. The guests will be Mr. and Mrs. Vincent Young and son Donald and Mr. and Mrs. Frank Reynolds.

Mr. and Mrs. Vincent Young were hostess and host last evening with a dinner party honoring Dr. and Mrs. S. F. Schadel of Red Oak, Iowa. The table was artistically adorned with a bouquet of fall flowers, where the bounteous dinner was served. Covers were laid for the following guests: Mr. and Mrs. George Young and Judge and Mrs. Will Sparks and daughter Dorothy and son William.

**TO PLAY ANDERSON TONIGHT**  
The Rushville high school basketball team will go to Anderson tonight to meet the high school quintet of that place. The game was scheduled some time ago, but it was thought playing it would be impossible because of the influenza. Word has been received however, that the ban has been lifted in Anderson and that the Rushville five was expected.

**THREE MORE CASES**  
Only three more cases of Spanish influenza were reported to the county health officer yesterday, all of them developing in the city. This brings the total during the epidemic to 606. One more death was attributed to the malady, making a total of 16.

## CELEBRATIONS NOT STOPPED BY DENIAL

Despite denials from Washington, contained in extra editions of newspapers received here last night, the premature celebration over the reported signing of the armistice by the allies in Germany, continued unabated here until late in the night.

Every conceivable sort of a noise-making device was brought into play. Blank cartridges fired in revolvers, anvils and other antiquated instruments that hark back to the celebrations of political victories, which were all used to keep up the din until after midnight. During the afternoon business houses displayed flags and residences were also decorated. Similar celebrations were held in every town in the county. Carthage, Arlington and Milroy people all gave vent to their feelings.

## REPUBLICAN CONTROL IN SENATE AND HOUSE

Washington, November 8.—With forty-eight seats assured yesterday, and the race of Truman H. Newberry, Republican, against Henry Ford, Democrat, in Michigan, decided in favor of Newberry on the face of virtually complete unofficial returns, the Republicans today felt confident they would organize the upper branch of the congress as well as the house.

The unofficial complete returns in Michigan gave Newberry a majority of about 8,500. In Idaho the Democratic candidate, Senator Nugent, was credited with an increased lead of about 600 votes over former Governor Gooding, to republican candidate.

BANKS WIN RECOGNITION

Each One in County Takes Quota Of Certificates

All the banks of Rush county have received certificates of distinguished financial service for having taken their full quota of certificates of indebtedness, and are displaying them in their places of business. The certificates were issued in anticipation of the Fourth Liberty loan and Lon Link was in charge of the sales in this county.

The banks all took their share of certificates at the cost of a certain amount of sacrifice, and the honor certificate which has been sent to each banker is not intended as a reward but merely as a recognition of the loyal support which has financed the war plans of the government until the proceeds of the Fourth Liberty loan are available.

UNION SERVICE PLANS

The Ministerial Association had a meeting yesterday afternoon and decided to have the Annual Thanksgiving service on Thanksgiving evening at 7:30 o'clock at the First Baptist church. The Rev. C. J. Bunnell will preach the sermon.
